# CREEDS OF GREAT BUSINESS MEN

I have been very much interested in the  
 progress of the world since I was born  
 and I have seen many things which I  
 never saw before. I have seen the world  
 grow and I have seen the world change.  
 I have seen the world become a better  
 place and I have seen the world become  
 a more beautiful place. I have seen the  
 world become a more peaceful place and  
 I have seen the world become a more  
 prosperous place. I have seen the world  
 become a more just place and I have  
 seen the world become a more  
 beautiful place. I have seen the world  
 become a more peaceful place and I  
 have seen the world become a more  
 prosperous place. I have seen the world  
 become a more just place and I have  
 seen the world become a more beautiful  
 place. I have seen the world become a  
 more peaceful place and I have seen the  
 world become a more prosperous place.  
 I have seen the world become a more  
 just place and I have seen the world  
 become a more beautiful place. I have  
 seen the world become a more peaceful  
 place and I have seen the world become  
 a more prosperous place. I have seen  
 the world become a more just place and  
 I have seen the world become a more  
 beautiful place. I have seen the world  
 become a more peaceful place and I  
 have seen the world become a more  
 prosperous place. I have seen the world  
 become a more just place and I have  
 seen the world become a more beautiful  
 place. I have seen the world become a  
 more peaceful place and I have seen the  
 world become a more prosperous place.
